

HALES MACHINE TOOL^{INC}

Doosan Infracore

CNC Turning Centers, Vertical and Horizontal Machining Centers and Gantry Loaders

At your side.

High Speed Drill / Tap Machining Centers

High Precision Vertical and Horizontal Machining Centers Specializing in Mold and Die Applications

Minnesota Manufactured Precision Turning and Machining Centers

Large Capacity Horizontal and Vertical Turning Centers

Ultra High Precision Jig Boring and Machining Centers

Automatic Band and Circular Saws

Medium to Large Size Milling / Boring Machines

5-Axis Trunnion Machining Centers for Medical, Aerospace, and Mold/Die Applications

Solutions to Work Holding and Affordable Chip Compacting

2730 Niagara Lane N.
Plymouth, MN 55447

Hanwha

CNC Swiss Turning Lathes

High Precision Turning and Machining Centers with Load and Unload Automation High Precision Surface Grinders

WILLEMIN-MACODEL SA

5-Axis Bar Feed Machining Centers

CNC Grinders for Tools, Cutters, Punches and Orthopedic Instruments & Implants

Eurotech Elite

Multi-Axis, High Speed Turning Centers

4 & 5 Axis High Precision Machining Centers and Large Machining Centers with up to 2 Meter Pallet Systems

Horizontal and Vertical Production Band Saws

5-Axis and 3-Axis Micro Machining Center Capable of Sub-Micron Performance

Heavy Duty Geared Head Vertical Machining Centers

Tooling, Material Handling and Workholding Solutions
